COMFORT WITH CONFIDENCE

Choose Day & Night heating and cooling equipment so you can enjoy comfort with confidence. Our products deliver exceptional quality, reliability and energy efficiency, backed by time-tested engineering, leading-edge manufacturing, and 100% run testing of every unit we make.

WHAT MATTERS IN A GAS FURNACE?

ENERGY SAVINGS

AFUE (Annual Fuel Utilization Efficiency) measures the heating efficiency of a gas furnace. The higher the number, the greater the potential for energy savings. Ion System and QuietComfort Series furnaces offer a range from 80% up to 98.3% AFUE.

CONSISTENT COMFORT

To keep your comfort consistent, our Ion 98 furnace operates nearly continuously, making subtle adjustments to modulating and adaptable-speed components and automatically selecting the best heating stage to match the changing conditions of your home.

EASY TO CONTROL

Easily manage your entire home's comfort using the communicating Ion system control via its full-color touch screen, Ion Home mobile app or voice commands.

QUIET PERFORMANCE

Enjoy quiet system performance by selecting models with insulated cabinet components.

PEACE OF MIND

Rest easy with a 10-year parts and lifetime heat exchanger limited warranty* upon timely registration.**

WHAT SETS DAY & NIGHT ION AND QUIETCOMFORT GAS FURNACES APART?

Reliable – Our hot surface ignition system features an advanced silicon nitride igniter and in-shot burners for reliable comfort you can count on.

System Control – State-of-the-art electronic controls monitor system operation and allow for faster, easier system diagnostics.

Quiet – Solid, pre-painted steel insulated cabinet with tight-fit door latch, isolated blower motor, and soft-mount rubber gaskets on key components contribute to quieter operation.

Safety – Temperature limit control, reliable gas valve and induced draft motor all promote safe operation.

Efficiency – Ion System and QuietComfort Series furnaces include variable-speed ECM fan motors to provide exceptional efficiency. When matched with a Day & Night air conditioner or heat pump and a humidity-sensing thermostat, our furnaces can provide enhanced dehumidification and the potential for additional energy savings.

Ion System Control – Our innovative Ion System Control includes full-color touch screen technology for intuitive and powerful command over temperature, humidity, comfort scheduling, energy management and more.

G9 Gas Furnace

EXCEPTIONAL PEACE OF MIND

Our No Hassle Replacement™ limited warranty backs every Day & Night Ion System and QuietComfort Series product. It means comfort with no questions. We'll replace your unit if the heat exchanger fails within the covered period.* This provides extra coverage in addition to a 10-year parts limited warranty.**

COMPONENTS OF A COMPLETE DAY & NIGHT SYSTEM

We offer a complete family of products designed to provide year-round comfort, control and efficiency. Your Day & Night dealer can help create a properly matched system to best fit your needs and your budget.
